

JERSEY

CATTLE SOCIETY
OF THE UNITED KINGDOM

All Britain Awards 2017

THE RESULTS

The All Britain Awards are designed to highlight cows that have been shown during the year and to give credit to their owners and breeders for the outstanding work they do in promoting the Jersey Cow at National and Local events.

To enter the competition the animal must have a showing record for the relevant year and have been photographed during that show season.

Initially the entrants are scrutinised by a nomination panel who are five members of the Full Judges Panel with no connection to any of the animals entered in the competition. Taking into account the showing achievements and the quality and appearance of the animal in the photo this panel draws up a shortlist of six animals in each class. This completes the nomination process. It then passes to the Jersey Cattle Society's Official Judges Panel to vote for their top three individuals in each class. Points are awarded with 7 points for a first placing, 4 for second and 1 for third. When these have been totalled the Champion, Reserve and Honourable Mention in each class is awarded. No judge may allocate placings in a class where an animal they own or bred is nominated.

Entries are on a par with last year but it is pleasing to note how many new entrants there are and how successful some of them have been. The standard of the entries made for some very close placings and I would like to congratulate all those who entered and wish everyone a very successful show season in 2018.

Mark Logan
Director of Shows & Sales

Maiden Heifer 2017

**All Britain
CHAMPION**
(116pts)
