

JERSEY
CATTLE SOCIETY
OF THE UNITED KINGDOM

COMMITTED TO BUILDING A PEDIGREE BREED FIT FOR THE FUTURE.

Supporting its members and breeders by:

Continuing to protect and maintain the purity of
the Jersey breed in the UK

Evaluation and analysis of the breeds
development in line with commercial markets and
expectations, whilst ensuring the very essence of
the breed is not only preserved but developed
and assured for the long term

Providing pedigree registrations, milk recording,
type classification services and management tools
to assist with breeding decisions

Increasing the awareness of the commercial
viability of the Jersey Cow

Developing strategic alliances to bring
commercial opportunities and added value
services including genetic advancements and
disease eradication

Encouraging the future generation of Jersey
Breeders through our Jersey Young Breeders
Membership

Promoting awareness of the Jersey Cow, her
quality milk and production to the consumer

Supporting the showing of Jersey cattle to
promote awareness to the consumer

Ensuring the validation of a pool of
qualified judges

Promoting the value of pedigree

“ The Jersey Cow, renewed for its QUALITY milk and unique milk components, it's LONGEVITY of production and VERSATILITY both as a breed and in the production of a wide range of dairy products.

The Jersey Cow, truly has the ability to compete on a commercial level, the unique Jersey advantage provides our pedigree breeders and members with a viable dairying business solution and a true marketplace amongst our dairying counterparts ”
